

# Turnaround Program

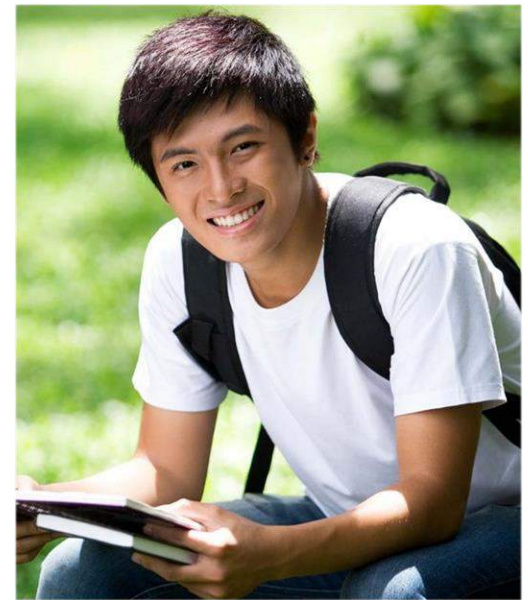

- **Improve academic performance**
- **Finding good class fit**
- **Get better results**

How does it work?

Students in the TAP opt to take fewer classes at public schools and instead enroll in their critical, challenging courses here at LCP instead. Sometimes our students aren't getting needed support at a public school, or find that large classes hamper their ability to perform well.

Teachers at LCP aren't the types who will just let you get by. We put students back on track with the momentum to succeed and achieve.

The TAP gives you private school support *without needing to give up your public school life.*

## Regroup

- Ensure your fundamental knowledge in any subject is sound
- Create a 4-year plan for solid GPA performance

## Rise Up

- Access to over 29 AP courses & 130 + UC a-g approved classes
- Fully accessible college planning counseling
- Academic clinics with teachers to ensure learning
- Class packages customized for your higher education goals
- Small class sizes, great student-teacher relationships

You'd be surprised at how easy it is. Still interested? Fill out the TAP Contact Form below or call (408) 865-0366. *Scholarship applications for the Turnaround Program are also available. Act fast!*
