

PSAT 8/9 at LCP

April 17, 2018 (Tuesday) 1:00pm

Who is it for?

The PSAT 8/9 is for 8th and 9th graders who would like to be assessed for AP, SAT, and general high school readiness.

Why would I take the PSAT 8/9?

The PSAT 8/9 has the benefits of gauging what coursework you are ready to take on later in your high school career. This is important to know because it helps you see the intensity you can handle for the coming years.

Do I need test prep for this?

No, absolutely not! The PSAT 8/9 is a diagnostic for readiness levels. In fact, even if the results aren't where you want them to be, Legend can help you figure out ways to get you up to the level of performance you're looking for. It's a great way to get recommendations on what classes you need to take throughout high school, given the passions you want to pursue!
